February 8, 2014- Meeting Minutes for Golden West Community Services District

Regular Meeting, held at Fire Station 44
6109 Quartz Dr., El Dorado, CA 95623

1. The meeting was called to order at 10:45 a.m. Directors present were Rod Miller and John MacConnell. Secretary McClintock was also present.
2. Because only two directors attended, there was not a quorum and no further business was conducted. Miller announced that a special meeting would be held on February 25, at 6:30 p.m., to cover outstanding agenda items.

The meeting was convened as a discussion of the Mica/Fire Road emergency and residential access. Fire chief Bob Coombs was present with Olga Sciorelli, a project engineer from CTA Engineering.

Chief Coombs reviewed the Title 14 and Title 24 requirements regarding width, turning radii, and grades of roads and driveways. He suggested creating a list of items that can be done soon to improve access.

Marc Regelbrugge spoke about his objectives and reviewed the history of his property.

Olga Sciorelli said that her company could create a proposal of work to correct the turns and grades that are seen as a problem.

Martin Gonzales showed two large maps of the Mica area.

Regelbrugge and Trudy Theiss distributed information about a website they have posted to collect information and solutions to the issue.

Many residents gave their opinions about the issue.

The meeting was adjourned at 12:30 p.m.
